Features:

The Wing Table solid timber and aluminium leg system has a sleek and modern look that is adaptable to any office environment. Both the American white ash timber leg, and aluminium leg (powder coat in your choice of colour) have been manufactured to ensure strength and stability. The Wing leg also works for coffee table, boardroom table, media table or a standing 1050mm high breakout table. The frame spontaneously works with round or rectangle table tops to bring out the best design to accommodate some indesk power box.
