LOCKERS

AWM Amaroo’s range of lockers offer the flexibility to be readily modified to meet your requirements. From our base range of locker configurations, details including dimensions, and finishes can all be tailored to suit your physical space and to meet your design intent. Additional details including cover and infill panels and bulkheads provide a truly customisable solution that ensures both functionality and style.

PROUDLY AUSTRALIAN

At AWM Amaroo, our pride and passion drive our dedication to Australian manufacturing. From our design process to final production, we ensure that every product is crafted with 100% Aussie-born quality.

As a locally-based company, we are committed to delivering bespoke products that reflect the excellence of Australian craftsmanship.

Type C Lockers
Parramatta, NSW

AWM Amaroo’s lockers are complemented by an extensive range of third-party locks. From a simple barrel key lock through to integrated RFID and Mifare compatible digital lock systems, our sales team will be able to find a lock system to suit your specific needs and budget.

MINIK10 LOCK

The MiniK10 Digital Cam Lock offers a seamless blend of innovation and security, making it the ultimate choice for keyless and wireless electronic access to lockers. With advanced RFID, Mifare, and MFC technology, your belongings are protected with state-of-art encryption.

What sets the MiniK10 apart is its remarkable compactness, among the smallest digital electronic locks in the world. This allows it to be effortlessly integrated into lockers, cabinets, and drawers of all sizes, ensuring that your storage solutions remain sleek and unobstrusive while still providing maximum convenience and ultimate peace of mind.

SPECIFICATIONS

Warranty	12 Months
Lead Time	4 - 6 Weeks
Dimensions	34mmW x 85mmL x 18mmD

HORIZON DIGITAL LOCK

Horizon is a slimline, small footprint lock with an ultra-modern look and feel. Designed for use on lockers, metal cabinets, and general joinery, it is easy to install and simple to operate in either public or private modes.

The pop-out handle offers additional security and the coloured indicator ring shows at a glance if the lock is in use or available. The unique mechanical override key permits managerial access in the event of an emergency.

SPECIFICATIONS

Warranty	12 Months
Lead Time	4 - 6 Weeks
Dimensions	35.5mmW x 120mmL x 27.5mmD

AUTO OPEN DIGITAL LOCK

The Auto Open Digital Lock features a durable and high-quality touch keypad and integrated Mifare card reader for PIN code or contactless RFID access. Includes a programmable automatic opening feature ideal for public-use scenarios. The anti-friction roller strike plate with a spring-loaded plunger pops the door open when unlocked - simply push the door closed ready for the next user when finished.

The Auto Open Digital Lock is compatible with all Mifare 1K 13.56 MHz cards fobs and wristbands. Up to 20 cards can be used with each lock.

SPECIFICATIONS

Warranty	12 Months
Lead Time	4 - 6 Weeks
Dimensions	56mmW x 107mmL x 12.5mmD
